

MODEL N°  
EOS 3-POINT FLOOR LAMP

# EOS 3-POINT FLOOR LAMP

MODEL N°

3-Point brings a bit of rebel to its Mid-century architectural vibe. With a straightforward tripod base and shade, 3-Point handles itself well out in the open of a Soho loft as well as a companion to seating in the office, living room, or lounge. The inherent translucency of its shade projects an even glow and adds its own personality through the 3D print construction. Shirking modern furniture's wastestream, 3-Point uses only FSC® certified or salvaged hardwoods and plant-based resins. You can spec 3-Point in multiple hardwoods, resin colors, and power configurations.

## dimensions

Lamp	width	15.5"
	height	64.5"
	depth	16.5"

Fabric Plug-in Cord	overall length	18ft
*max 60W bulb	socket length	3in
*grounded 3 blade plug		
*thumb switch 2ft from plug end

wood	walnut, ash, charcol ash, salvage elm, beech, white oak, cherry
fabric plug-in cord bulb	white, black, silver, brass warm amber, cool daylight white

## care

PLA polymer shades should be cleaned routinely. Use a feather duster and a natural cleaner and cloth for routine maintenance. The table light is only for use with a LED bulb. Not for use with an incandescent bulb.

## sustainability

From FSC® certified hardwoods, to plant-based polymers, to GOLS-certified latex, we examine every product for sustainability, quality, and performance. We strive to source our materials locally. Additive manufacturing processes like 3D printing let us produce each piece to order. Limiting inventory minimizes our carbon footprint and also maximizes our product quality. Only the products identified as such in this document are FSC®-certified. FSC® C125400/SCS-COC-007184

## customization

With the use of our advanced manufacturing processes, our customers have the freedom to customize their order. From sizing, material choice, fabric color and finish, we can truly design your living space to the customers ideal vision. There is no minimum order quantity as we are aiming to reach a diverse range of customers, from big companies to small homes.
