

MODEL N°  
THE WORKPLACE SYSTEM - SINGLE DESK

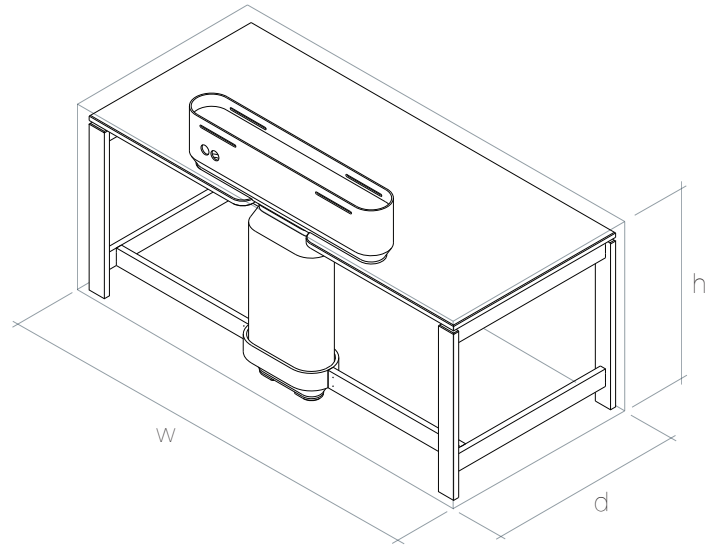

A entirely modular system of surfaces to be configured to elevate the work environment and fit the exacting requirements of space design. Like all of our products, this system can be configured from various sizes and space requirements. We build and hand-finish these pieces from a large range of locally salvaged Elm or FSC® certified hardwoods as well as bio-resin colors.

## dimensions

height	30"
depth	32"
width	72"

\*Power Unit Adds 9.75" to the total height\*

## materials

Wood Species	Walnut, Ash, Charcol Ash, White Oak, Beech, Salvage Elm, Cherry
Bio-Resin	Black, White, Woodprint, Desert Clay, Seaglass, Fern

## care

Our hardwood surfaces are finished with an environmentally friendly, plant based, hardwax oil wood finish that has 0% VOC and does not contain any water or solvents. It is protective and durable. Wipe with a damp cloth and gentle cleanser. Avoid water marks by quickly wiping up any standing liquids on the chair. Never use harsh cleaning sprays or abrasives on your wood surfaces. Clean any sticky spots gently with soap or mild detergent and water.

We recommend wiping down the PLA with a lint-free, soft cloth or soft bristle brush, and clean when needed with mild soaps. Avoid bleach, ammonia and other hard chemical solvents which may damage the texture of the surface.

## sustainability

From FSC® certified hardwoods, to plant-based polymers, to GOLS-certified latex, we examine every product for sustainability, quality, and performance. We strive to source our materials locally. Additive manufacturing processes like 3D printing let us produce each piece to order. Limiting inventory minimizes our carbon footprint and also maximizes our product quality. Only the products identified as such in this document are FSC®-certified. FSC® C125400/SCS-COC-007184

## customization

With the use of our advanced manufacturing processes, our customers have the freedom to customize their order. From sizing, material choice, fabric color and finish, we can truly design your living space to the customers ideal vision. There is no minimum order quantity as we are aiming to reach a diverse range of customers, from big companies to small homes.
