wood species Walnut, Ash, Charcol Ash, White Oak, Beech, Salvage Elm, Cherry

care

Care for Hardwood surfaces and bases: Our hardwood surfaces are finished with a non-VOC water based varnish that is ultra protective and durable. Wipe with a damp cloth and gentle cleanser. Avoid water marks by using coasters under glasses, mugs, or plants, and quickly wipe up any standing liquids. Never use harsh cleaning sprays or abrasives on your wood surfaces. Clean any sticky spots gently with soap or mild detergent and water.

sustainability

From FSC® certified hardwoods, to plant-based polymers, to GOLS-certified latex, we examine every product for sustainability, quality, and performance. We strive to source our materials locally. Additive manufacturing processes like 3D printing let us produce each piece to order. Limiting inventory minimizes our carbon footprint and also maximizes our product quality. Only the products identified as such in this document are FSC®-certified. FSC® C125400/SCS-COC-007184

customization

With the use of our advanced manufacturing processes, our customers have the freedom to customize their order. From sizing, material choice, fabric color and finish, we can truly design your living space to the customers ideal vision. There is no minimum order quantity as we are aiming to reach a diverse range of customers, from big companies to small homes.
